Research into Behaviour, Emotion and Movement in Cornelia de Lange Syndrome

Researchers at Coventry University and the University of Birmingham have teamed up to investigate emotion, movement and behaviour in individuals with Cornelia de Lange syndrome.

Hear from one parent about their experiences of taking part in this project and find out more about how you can get involved here:

Email hayley.crawford@coventry.ac.uk or LXG502@bham.ac.uk or call 0121 414 2855 for more information.
